Full Stack & Mobile Application Developer (Angular | .NET | MAUI)

PROFESSIONAL SUMMARY

Full Stack & Mobile Application Developer with 6+ months of experience building scalable web and mobile applications using Angular, .NET Web API, MAUI, and MySQL. Hands-on exposure to live production applications, including a complete driver booking system, CRM automation modules, and travel management system. Strong in UI development, API integration, database design, and debugging. Known for smart problem-solving, consistency, and the ability to deliver clean, production-ready features with minimal supervision.

TECHNICAL SKILLS

Backend

- .NET Core / .NET 8
- C#, Web API
- Entity Framework, Dapper

Frontend

- Angular, TypeScript
- HTML, CSS, Bootstrap
- JavaScript

Mobile

- .NET MAUI
- XAML UI Components

Database

- MySQL / MySQL Workbench

Tools

- Visual Studio

- VS Code
- GitHub
- Thunder Client

Soft Skills

- Problem Solving
- Smart & Analytical Thinking
- Quick Learner
- Team Collaboration
- Calm & Dedicated

PROFESSIONAL EXPERIENCE

Junior Software Developer

E2o Technologies Private Limited — Madurai

Aug 2025 – Present

- Developing end-to-end features for the OnCall Acting Driver live project using Angular, .NET Web API, MAUI, and MySQL.
- Designed and implemented key modules for booking workflow, trip management, driver allocation, and admin dashboards.
- Built backend APIs with .NET 8, Dapper, Entity Framework, and optimized logic for better performance.
- Developed MAUI mobile screens for customer interactions and booking operations.
- Improved UI consistency, fixed logic issues, and enhanced the complete user experience.
- Performed bug fixing, testing, and deployment support to ensure production stability.

Software Developer Intern

E2o Technologies Private Limited — Madurai

July 2025 – Aug 2025

CRM System – Leave & Attendance Module

- Created a complete Leave Request Management page with validation logic.
- Implemented Check-In / Check-Out calculation formula for accurate attendance tracking.
- Built and updated database tables for the attendance module.
- Enhanced UI consistency and integrated APIs for seamless data flow.

Kavi Travels – Travel Management System

- Implemented export features including Print, Word, Excel, and PDF.
- Improved table UI/UX and created additional pages for trip reports and travel logs.
- Integrated backend APIs, resolved bugs, and improved overall navigation flow.

PROJECTS

☆ OnCall Acting Driver (Live Project)

Full Stack Developer | Angular • .NET Web API • MAUI • MySQL

- Built complete booking workflows with trip creation, driver mapping, and fare logic.
- Developed APIs for trip lifecycle, driver updates, and admin monitoring dashboards.
- Designed MAUI mobile screens for booking, trip status view, and user actions.
- Improved UI responsiveness and ensured consistent experience across modules.

☆ CRM System – Leave & Attendance Module (Internship)

Angular • .NET Web API • MySQL

- Built attendance and leave features with dynamic formula calculations.
- Created backend connections and structured database tables.
- Improved UI flow and ensured accurate data syncing.

☆ Kavi Travels – Travel Management (Internship)

Angular • .NET Web API • MySQL

- Added export features for multiple formats: Print, Word, Excel, PDF.
- Built new report pages and improved table structures for travel logs.
- Integrated APIs and provided UI fixes for smooth flow.

☆ E-Commerce (Single Vendor) – Ongoing Project

Angular • .NET 8 • MySQL

- Working on centralized admin console, product management, order flows, and analytics.

EDUCATION

B.Sc. Computer Science (B.Sc CS)

Mannar Thirumalai Naicker College, Madurai

Affiliated to Kamarajar University

Year of Completion: 2025

ADDITIONAL TECHNICAL KNOWLEDGE

- Completed Full MERN Stack Training

(MongoDB, Express.js, React.js, Node.js)
